Budget

Project Budget*

Grant requests can be for \$500 to \$1,500. The review committee can recommend funding for less than the request.

When creating a budget, determine the actual cost of items to be used. Please visit the Evanston Cradle to Career website to download the template for the project budget:
<http://evanstonc2c.org/community-leadership/community-building-grants/>

Grant money can be used to pay people for specific services to help with the project (also called an honorarium). Total honorariums can't be more than 35% of the total budget.

The group awarded a grant is responsible for keeping receipts to account for project costs.

If a project is a public event that will need a permit and/or liability insurance, those costs can be included in the budget.
